

Dear Harvest Partner,

Time! – A most important subject. Let's take time to look at the events of 2005. What a year! So many events took place pointing to the soon return of the Lord Jesus. **The world empires are under siege. Massive crime waves, terrorists killing people on a scale never seen before, the weather and earthquakes causing tremendous damage. Note: Earthquake causing tsunami of 2005 that shook the planet causing time to be off two tenths of a second, slowing the earth's rotation.** - Super hurricanes of record breaking proportions. – These are changing the worlds landscape. The handwriting is on the wall. Kingdoms of man are weighed and found in the balance.

We are at a time that man will not endure sound doctrine, nor sound financial practices. Men are worried about weapons of mass destruction. **But the new weapon that will bring the world to the financial door of the anti-Christ is supply and demand and will be the new economics.** (Like Rome before the fall, financial crises took place.) Natural resources will lead the way to complete control through the anti-Christ system. **I believe one of the barometers is gold. The higher we see the price of gold go the closer we will be to the anti-Christ rule.** There are so many subjects that we cannot get to it all here. But I have found notes that Brother Frisby left that point to this important event. And now Brother Neal Frisby:

“As I have written in other correspondence why will God bring so severe judgment? And what causes the economic conditions and major famines worldwide in the latter days of the end time?” – It is because man has replaced the Word of God with dogmas and traditions leading to idolatry and heinous sins! – The age closes with the world's most immoral plight.”

In St. Matt. 16:3, “Jesus said, that hypocritical nations could discern the weather pattern, signs in the sky, but that they were unable to discern the signs of the time!” And so it is today with men! In this letter we speak about ‘the storm signals approaching!’ There is distress and perplexity among all nations, which means that there is no way out! The Lord knows how to bring judgment on the wicked but at the same time deliver and supply the needs of the elect! Right in the midst of trouble God will make a way out for His elect, but the world will enter a man made satanic trap! It doesn't really matter today whether it goes into a depression for awhile or a highly inflated (price) economy, God will stand with His true children and supply what they need. Amen! We are entering the midnight hour. The ‘storm signals’ are out! We can visualize the dark storm clouds with thunder and lightning moving over the nations in judgment! – Below let us list some of these storm signals that I have written before.

PROPHECY: “The earth is in its last sunset of time and is about ready for divine interruption as God hurries man to his final destination! Severe and startling changes are coming in the next few years as world super powers join to control the earth's food and resources! Social upheavals are ahead! After 40 years of the government intervening in the market place, it is bound to cause chaos soon in the economic structure!” – “Since my Daniel Series much about gold has appeared in news articles revealing the U.S.A. and some other nations are separating their currency from the gold standard in the IMF. This is because they can no longer pay their debts in gold because the inflation is depreciating the currency so fast! After the currency debacle (crisis) gold will reappear as a unifying force in the anti-Christ system just before the Tribulation!” (Rev. 18:12 – Dan. 11:38, 43).

“Also it doesn't matter how low or how high the price of gold goes it will appear at the end as the real wealth.” – Lately the wild fluctuations in rare metal definitely reveals and is one more prophetic sign that economic collapse is coming!” End quote. – **These troubles lay on the horizon in the not too distant future. Oil is a major concern in production of food and almost everything on earth. – More on these subjects later.**

One of the most important events of 2005, April 29, God called Brother Neal Frisby home. Could this event be signaling a shortening of time? – In 1933 when Brother Frisby was born, gold was taken out of our money system. Also a social security number was given. So we see time again is calling for major events to take place. Now is the time to publish this message as fast as we can before time runs out! – **I am releasing a new DVD called “Time” that you won't want to miss.**

All of you who write this month and send the best offering you can, we will send you the book called “The Anointed Treasure!” Praying you will have a prosperous New Year.

Jesus love and keep you,

Gerald Frisby
