

Dear Harvest Partner,

What an hour we're living in to witness climatic changes taking place right in front of our eyes. Brother Frisby told me that nature was going to teach this planet a lesson. This is already evident this year. Dennis, a category four hurricane this early in the year had not happened since 1851 and now Emily carrying top winds of up to 155 mph. They expect more before the season ends. – **Global weather changes are happening as the earth heats up.** The ice packs are breaking up. Some of the largest pieces are 40 miles long, breaking off the South Pole in the last ten years. 12 chunks of ice the size of Rhode Island have broken off. **The ocean will rise changing the coastline around the world.** Romania and Bulgaria – heavy rains and flash floods kill 20 and inundated tens of thousands of homes. Flash floods and landslides triggered by heavy monsoon rains in India left 12 people dead displacing more than 121,000 others. – China – 1 million flee homes as typhoon Haitang hits with 162 mph winds.

**Super Quakes - Super Hurricanes, Cyclones and Typhoons – Super Volcanoes**—A well-known caldera has exploded every 600,000 years on the average. It has now been 620,000 years since this volcano has erupted. Scientists are watching closely and monitoring this volcano and many others as well. We truly are living in the last hours of this earth.

**And now a quote from Neal Frisby's scroll #287:**

“One of the reasons we are covering the weather and nature is it shows the ultimate fact of His soon coming and a warning to the people to prepare. It reveals the travailing; the Sons of God are coming forth. Read Romans chapter 8. This script is significant and very special, given providentially to His Elect. Destiny is with us.”

**THE ELEMENT SIGN AND WARNINGS** – Earth, Wind, Fire and Water. – As predicted these prophetic signs in nature and weather is giving the Earth its final warning. We see record storms, great floods, volcanic activity, strong winds (typhoon), and super quakes as we just witnessed and prophesied 30 years ago. – The top of the Mississippi River and Red River, plus famines, electrical storms and fiery asteroids from heaven. All this shall pick up in immense intensity across the Earth in violent destruction. The earth will even witness speedier, swift winds in the future. ...weather is the ultimate sign. **Jesus said as it was in the days of Noah so shall it be again when He returned at His coming. Luke 21:25 mentions the seas and waves roaring, with people in perplexity without resource, not knowing which way to turn.** – An exact description to today!” End quote. (Also read additional information on Scroll #291.)

**Brother Frisby's message is the watchman's message of the midnight hour.** Much more than weather problems are facing this earth as written in the Scrolls. Study the scrolls with the original King James Version Bible for the precious anointing that has been given and God will reveal many things to you in the future. **Ezek. 33:33, “And when this cometh to pass, (lo, it will come,) then shall they know that a prophet hath been among them.” – “Time says you can't see me till I'm gone.”- A quote from Brother Frisby. How true that is!**

A little more information concerning our projects: We are increasing our ability to transfer from videotapes to DVD and audio tapes to CD. We are transcribing the scrolls into a database and taking inventory of all the sermon books and scrolls as well as all the sermons on videos and audios that have not been released yet. This will take a great effort to finish the rest of the library; the precious sermons that Brother Frisby preached and left in our care. With your help and support and prayers we will do the very best that we can, and as fast as we can.

New **Scroll #320 Part 2** is ready! – Many enjoyed Part 1 so you don't want to miss Part 2 of this valuable scroll. Be sure to write for your copy. The Lord will supply all of your needs and bless you. Our prayers are with you in this precious work of the Lord Jesus Christ.

Your Brother In Christ,

All three new cassettes/CD'S, \$15.00 donation:

- Great Wonders!
- Holy Sprit in Motion!
- Confessing Faith!

**New DVD release: “Water, Fire and Thunder!”**

Also available: “Weather, Signs and Quakes!”  
\$20.00 donation each
