

Dear Harvest Partner,

Great changes in 2014. – But first let us talk about the weather. As I was writing this letter the worst storm in many years is breaking records. **They put a title on it called the polar vortex of extreme cold. The earth seems to be shifting in its extreme storms and the drought can't be too far behind.** Science is studying many volcanoes that will be affecting our weather as well as earthquakes that are coming. The solar cycles are approaching their peak at the very same time. – **All of the new technology is taking over society. Seemingly they are not aware of all the events taking place with our economy and our freedoms being lost.** One of the government officials said that people are like zombies. **Our government is totally eavesdropping on all of our new technology, gathering information for the new world order.** Now let us read what Brother Neal Frisby said is fast approaching.

**LOOKING AHEAD** – “One of the most frequently asked questions today is, “when will the Lord return?” The best way to answer this is, according to the prophetic evidence, He could come very soon or at any time in the near future! “First the Lord, in the Scriptures, gave man 6 days (6,000 years!) The heavens are declaring that there will be a great interruption on earth as the 6,000 years elapse! It seems the matter is established in three witnesses, and is definitely being confirmed by the signs around us!” – **“There is also a shortening of time. So Christ's return is looming right before us!** – Dan. 12:4 along with other Scriptures declare knowledge would increase coupled with speed as our age ends!” – “There are more educators and scientists alive now than we have had in 6,000 years! Man's inventions reveal His nearness! The end thereof shall be with a flood of events!”

**THE PROPHETS FORESAW** – “with absolute incredible accuracy, the appearance of the radio, automobile, electricity that swept mankind into the industrial age! Next the splitting of the atom, television and the computer came all of a sudden to mankind! Then we were rushed into the space age! – More has happened in a few years than has occurred in 6,000 years! – Why within such a short period of time? Because it was to be ‘a sign’ He would return during this period! And to Capstone all prophecy after 2,000 years Israel appeared in her homeland as a nation (1946-1948)!” – **“Jesus revealed many people who witnessed this would also see His return!** – And my opinion is that from the time Israel became a nation the Lord could well return before a jubilee of time occurs again!” – “The inventions of our age tell us this also! – Man actually does not invent or create anything! He can only discover what God has already made! And therefore they can only do it at God's predetermined will! And that is why man has invented so much in such a short period of time . . . to alert us to His soon appearance! With the space age, man ‘looked upward,’ this is a ‘sign’ of His coming in our generation!”

**GLOBAL PROPHECY** – “We will see social violence . . . and I mean massive violence! The world is in store for a social revolution that has not been seen before! – If one couples this with famines and droughts we can predict enormous violence throughout the world! The latter age will be perilous. Events will be apocalyptic and catastrophic!” – **“Finally Jesus said, unless He intervened at some point there would be no flesh saved!”** – “Next, the severe weather patterns, the gigantic storms, the great quakes and nature will be crying out, the Lord's return is upon us!”

**THE GLOBAL UNIT** – “New inventions and the computer are going to bring startling changes to mankind joined to one huge electronic system! – This will produce a cashless society without the exchange of money! – **All business including working, buying and selling will be done with marks and numbers!** – With instant world communications this is possible! – World satellite, advancement in computer technology will make this global order possible! – Evidently before all of this takes place the world returns to high inflation or inflationary depression during the time of famine and food shortages! – **But this we do know, before the actual mark is given the elect is translated!**” – “All of this is in preparation of a coming world leader who will unite all religions under one shelter. Right now they are forming an Ecumenical religious power to put in the hands of a coming world dictator! According to Rev. 13 and Rev. 17 there will be an International government and religious system! Finally, this strange personage will set in the Temple of Jerusalem claiming that he is God!” (II Thess. 2:4) “You say, ‘how soon will this personality appear?’ Well we already see his subtle workings in the Middle East and in other events and he will soon surface at God's appointed time and reveal his deceptive plans to a perplexed world! This leader will gain so much admiration that the false church will have power to destroy anyone who refuses to acknowledge him as God! And this is just around the corner! **Prophetically speaking we are at the midnight hour!**” – End quote.

This month I have a special book called **“The Man of Sin – Master Deception”** as well as a DVD, “Space Age Faith.” – It is good to know that God has a plan for each of us. His blessings at the end will be great for those that are helping with this vital message. I can see God's hand blessing many people already and His Word guarantees the greatest blessings for those who faithfully help God's message go forth. I'll be praying for each and every one of you.
