

Dear Harvest Partner,

We have entered the year 2010. My what a milestone! This letter will give you some updates on Brother Frisby's prophecies. The changes that are coming will be like no other time in history on this earth. At the time of the returning of the Lord Jesus there will be such turmoil that it will take the people's attention away from His return. The world is about to enter a "fantasy zone." **A time that reality has no place. They seek a place away from trouble only to wake up in a nightmare! During this time of fantasy new gods and old gods are appearing in vast numbers.** Mythology is on the rise. Many of the old Roman gods are re-appearing, just the same as in the days preceding the birth of our Lord. The rise of the Roman Empire that the anti-Christ will control, a time that will be so severe that the people will see him as a bright light, a "savior" to get them out of their trouble. Some of those troubles will be a total economic collapse. Inflation and greater food shortages will start to appear from 2010 on. Higher prices for food as well as energy will begin to creep up. **Important political changes will be coming. It's as if the Republicans made part of this mess and the Democrats are finishing it off. – So look for a change in a possible new political party. Neither old party will be in favor.** These problems have been brought on this nation because of the sins of lust and greed. Wall Street and the bankers are involved and behind the troubles that we are in. I will write more on this later. Now we have a wonderful writing from Brother Frisby that I know will place this in the right order. And now a quote from Neal Frisby.

"There will be a world revolution preceding the coming of the anti-Christ! Civil uprisings will appear." "Prepare for some dramatic occurrences! Crises, upheavals, changes, immoral perversion, staggering turn about in conditions worldwide, the weather patterns will even be more out of order than ever before! – All of this occurring and dire social upheavals ahead preparing for new world order! – Electrified chaos coming! – Here and in Europe a real shake-up is coming!"

"The Middle East will exert their influence to bring about trouble and changes everywhere! It would be hard to refute this, as it is daily in the news with more uproar ahead! – All these things are occurring because the world is headed for an anti-Christ revolution!" – Also the world is headed for a catastrophic upheaval in new economic social and religious order! **"The nations are moving in the direction of a social economic and political earthquake!"** – "Power shifts will occur in many different parts of the world. And before time expires we will see many countries overthrown."

"We wrote crisis after crisis will appear concerning the economy in the few short years ahead and we have seen this. Already the beast system is beginning an outline and forming a trap (snare)! All governments (nations) will be in an alliance with the anti-Christ; a strong combination of evil super powers will confront the world! Dictatorial economic and financial restrictions will develop and be strategically imposed on the world economy!" – "A ruthless leader will be in control of the world's gold reserves (finances) and could carry enough influence to boycott and dictate international money markets and force his will upon the troubled economic nations!" – **"Even before our eyes the nations are forming a pattern for a world ruler! Also the United States is in debt to many foreign nations and the international bankers, and eventually will be drawn into one world government system!"** It seems inflation is continuing to rob all currencies of its value blowing into a financial holocaust! Regardless of this or deflation the Scriptures reveal in the near future strict controls will be imposed! (Rev. 13:16-18 – Rev. 6:5-6)

"The greatest shortages and famines of the age will occur entering the closing hours of the age. It will look like the four horses of the apocalypse rode through there!" – **"So let us bring this to a close. But for now I'll finish with this, some of the most awesome events, catastrophes and changes ever seen will take place ahead! So let us pray that we escape all of these things ahead, as much wickedness and an evil snare is coming!"** (Luke 21: 35-36) – This quote is taken from year 2005, Scroll #319: **"Within just three years there will be such powerful changes and upheavals that you'll think you're on another planet! To some it may seem unbelievable but it shall be so, saith the Lord. They will think they woke up in a nightmare. – Worse!"** End of quotes. Look how accurate this has become, and more yet is on the way! The world will be caught off guard. The events above will happen in such a quick, short time period that only the wise and the elect will be ready.
