

Dear Harvest Partner,

There are so many events happening its amazing to see how fast people and things are changing. First we'll start out with the word "Mega." **Mega debts have absolutely taken over the world.** At this time there is \$60 trillion in debts for the nations; the U.S.A. has \$20 trillion. As if this was not bad enough there is \$1.5 quadrillion derivatives. That is considered an additional debt upon the world. Stocks and bonds, insurance companies, borrowers and lenders make up this derivative debt. **They are already planning a new world order and a new world currency will appear unexpectedly. If any one major event takes place this entire system will crash immediately. It's not a matter of if, it's a matter of when.** Next, a mega drought is on the horizon. First we started with a creeping drought. Many countries around the world have no water in their reservoirs, lakes or dams. According to our government, Hoover Dam which holds Lake Mead, if it drops 12 more feet it will come under strict control and allocate strict rationing. They now realize that ocean currents are changing producing more violent weather. Too much rain in one area and not enough in another. Even causing some rivers to dry up.

**Now other events. A worldwide peace initiative has begun.** Since April 15, 2014 the first of 4 blood moons as well as the most magnificent grand square in the heavens occurred on April 23, 2014. **These events came just before a historical event. On May 24, 2014 Pope Francis scheduled a major peace initiative with Israel.** It included a meeting with the Palestinian leaders as well as Jewish, Catholic, Orthodox and Muslim leaders. And since then he has met with many other world leaders including a second meeting since 2013 with Russian President Vladimir Putin. As I write this letter he is meeting again with Putin, June 10, 2015. **In May 2015 the Vatican announced a treaty to be signed shortly with the State of Palestine.** Pope Francis has recognized Palestine as a state along with 135 other UN member states.

More historical events: Pope Francis has scheduled a visit to the United States Sept. 19-27, 2015. **For the first time in U.S. history a pope will address a joint session of the United States Congress in Washington, DC on Sept. 25<sup>th</sup>, the first pontiff ever to do so in congressional history... he will also address the UN during his visit. – During and around the time of this historical event an annular solar eclipse takes place on Sept. 13, 2015 and immediately after on Sept. 28<sup>th</sup> there will be a super moon in total eclipse over the east coast and Washington, DC.** It's the last of the four blood moons since April 15, 2014. These events are significant at the time of these historical events. It's as if the heavens are marking time. Could these events be happening to alert us to the soon return of our Lord Jesus? **Surely the handwriting is on the wall.** – Next month I will elaborate more on the subject of the restoration of the beast power.

Another wonderful event: **A new book from Brother Neal Frisby's library has been processed! It's one of the most important books that you'll ever read dealing with the time that we are living in.** The book of great prophecy is called "Revelation Numbers." **The entire Book of Revelation is explained by prophetic numbers.** You will not be able to put this book down once you've opened it! Many secrets will be revealed to you by those prophetic numbers in the Book of Revelation. **The further we go up in the 21<sup>st</sup> Century those chapters in Revelation are coming alive!**

This month of July I am releasing this **new book called "Revelation Numbers."** Also a DVD, "Signed, Sealed and Delivered." – In July and August our representative will be travelling to the African foreign lands and we are shipping a large amount of books and material to be distributed during the crusades there. This has been a very **expensive** project; the crusades and publishing the new book. I certainly will need your help this month more than ever. We cannot forget our foreign partners. To give and ship and process all the material is a huge expense. I know the Lord will continue to bless each and every one of you who help make this possible. **Publishing this wonderful and important message will not be forgotten by our Lord Jesus. – "The Lord gave the word: Great was the company of those that published it!" (Psalms 68:11)**
