

Dear Harvest Partner,

Last month we brought out the facts about the coming changes of tracking individuals. **Since then they are developing a new and more sinister way calling it "tracing."** According to this, in the future to enter a store you'd sign in, give your identity and they will give you a card with a chip in it and keep track of you. More on this later. - Brother Neal Frisby published a letter describing exactly where we are at in time. And now this important letter:

**"Let us take a look at the future and also events occurring now.** The nations are suffering from an international monetary crisis, they are perplexed and in bewilderment! The man of fierce countenance (beast) and understanding dark sentences will appear in the midst of world-wide problems!" **"It has been said that in history a nation can survive a depression and come out stronger, but no country has ever had several straight years of double-digit inflation and remained a democracy! Runaway inflation eventually bankrupts everyone including the government!** Production begins to come to a halt and there is chaos! The only alternative is dictatorship to restore order!" **"Once the U.S. loses its freedom it will not come back again. This is historical fact!"**

**"In the future several major things to watch which will confront the world and this nation will be shortages, labor crisis, and national debt. A noted economist said, a tremendous economic convulsion is about to destroy the entire financial structure of the world and affecting the United States! The end result will be recessionary, inflationary depression, the magnitude of which we've never experienced.** Millions of people will be out of work, millions will be hungry. Riots, killings and plundering will sweep the nations! - **"This could definitely occur near or approaching the Great Tribulation until prosperity (new system) is restored out of chaos!"** - "Also later and entering the Great Tribulation disease will gnaw its way into the lives of millions more! Cities will be like jungles infested with half-starved humans, preying upon the weak, the old and defenseless! There will be the haunting hunger of the young and the innocent looking up with dark hollow eyes begging and pleading for a morsel of food that is not there to give!" **"The earth is 'marked' and at the end of the Tribulation food will be scarce, promoting Armageddon War!"** **"In the Tribulation, on one hand you have prosperity and on the other hand starvation!"** - "In the days ahead we will begin to see in a minor way what will happen in a major way later!"

**EARTH OUT OF BALANCE** - The earth is changing significantly. According to a science topic it said, the coming plagues and new diseases. **In Psalms 82:5 it says the earth's foundation is out of course.** The magnetic poles are gradually shifting. Fire is shaking greatly in the center of the earth! The tectonic plates under the sea are slowly moving the continents for coming upheavals! This planetary pollution is taking its toll the same as the volcanic eruptions are affecting our weather along with other things bringing tremendous changes in nature's cycle patterns! The sun spots are causing and will cause powerful heat waves and frigid storms, winds, rain and etc. **"Sin and rejection of the true God has caused the earth to be out of balance just like in the days of the flood! And Jesus said it would be so!** Now scientists are confirming the Scriptures and the Scripts that foretold of it as the age ends."

**"Let's make every day count for our Lord Jesus!** We need no great witness to know that suddenly it will be over with! I might say, **the angels and Holy Watchers are quickly moving from heaven to earth in lights, because the cup of iniquity is full.** And God is soon to give this world over into the hands of an evil system! Behold saith the Lord, today is the day of salvation!" **End quote.** - What a timely message! Brother Frisby's prophecies reveal the age is closing.

This month I am releasing a new book **"Anointing Sons of Thunder"** and DVD called "Time." - There's no better time to support the ministry and help publish this vital message. May Jesus guide you with His wisdom and prosper you each day. I will be remembering you in prayer.
