

Dear Harvest Partner,

There is so much prophecy taking place we don't have much space to mention it all. This month of May has been an explosive month. **As we write this letter we are approaching a great super moon eclipse. It's called a rare blood moon.** – The plague sign – diseases and epidemic will sweep the earth along with new violence. Earth will be covered in its own blood in epic proportions.

Let us see what the month of May brought: Israel has been in a fight for its life, currently in a cease-fire – how long will it last? – Now let us talk about the weather. **There has been a siege of tornadoes, destructive floods along with volcanic activity as well as the wildfires in our West continuing.** – We mentioned our international border in a past letter, but it appears we have no border, but open borders and approximately over 2 million people have shown up at the border now from countries all over the world. There seems to be no authority to taking action against it. Drugs, violent criminals and gang members are here. The cost to the U.S. taxpayers will be in the trillions of dollars. Which brings us to another subject, **the inflation rate of the country has spiraled out of control. Are we headed for hyper-inflation?** – Over 30 trillion dollars for the covid-19 pandemic so far. The cost of food is more than 18-20% more than a year ago and energy cost and commodities are rising at the same rate. This will not end well. – Let us see what Brother Neal Frisby has to say.

“The earth is living in a dream world made up of fantasy instead of reality! In a world that anything can happen at any moment and will in the time ahead. **The population will swing one way and then another way, back and forth, unsettled. Unexpected events will surely take place and they will march to the tune of a world system!** – And it shall come as a snare; suddenly in an hour that you think not. Changes will come overnight at pivotal points as the age closes. World leaders will rise and fall under pressure until the evil and sinister figure arrives! – Nations will be controlled by robot electronics and new inventions as predicted. “There seems no shame.” Our streets are filled with X-rated men and women the way they look and act. They will become bolder, more sadistic and savage. The scenes we see on the streets today, if we had seen 50 years ago we would have thought that we were on another planet. – **Time marches on! “Jesus is coming soon!”** – In most of our big cities there are more prostitutes on corners than there are churches. The air will be filled with sensuality day and night! – Apostasy will swell until the cup of iniquity is full. The immoral conditions will continue as we predicted years ago, things hidden are now out in the open for one to see in magazines, television and movies!”

**“We are in the presence of a turning point in human affairs so immense that people do not perceive it! This includes many events that will soon take place. Time will reveal to us the shadow of things to come! World leaders are going to bring vast changes as society is entering a turning point. The time curve that I foresaw!”**

“We have seen great and unprecedented changes already, but events are going to shake the very foundations of society! In fact profoundly alter the nature of man's survival. **I foresee developments in the future that will absolutely turn around everything that's in its path heading into a new direction.** A vision of a new world order is now being promoted in secret by a select group. This along with other events will merge into the apocalyptic event.” (End quote)

**The prophecy concerning the crises in our cities are coming true!** The drug problem has overwhelmed the people along with other problems that vex the cities today! All of these things will grow worse. Crowded conditions, Sodom culture, murder, noise, pollution, riots and crime waves. – **“The only safe place is in the arms of the Lord Jesus, for then you are content! No matter what arises you are able to face it, for He will never fail nor forsake His people!”**

This month I am releasing a wonderful **new book** called **“Unnecessary Worry”** and also a DVD, **“The Elijah Message”** – This is the hour to do all that we can. The age is finishing up swiftly. I'll be praying for you that the Lord will continually bless, guide and protect you.

Your Brother in Christ, *Gerald Frisby*
