

Dear Harvest Partner,

Cascades of events are coming! Immense increase of weather, earthquakes and volcanic activity and economic chaos. Also at this time there is a new pope of the Catholic Church and is a United States citizen. An American Pope, highly unusual. Also President Trump's recent visit to Saudi Arabia was quite remarkable; lining up Arabic countries and bringing more than a trillion dollars for investments into the United States. Major companies are going to manufacture in the U.S.A. as spoken of. **This brings to mind Rev. Chapters 17 and 18 and you can read where there is a religious Babylon and you can read where there is also a commercial Babylon that's involved in those two great systems upon the earth. – Also all governments are racing to incorporate a new digital system backed by gold, silver and commodities.** (More on this later.) And now let us read from some of Neal Frisby's writings.

THE SHAPE OF THINGS TO COME – “This Script sounds the alarm, wake up O earth, a snare is being set and only a few can see the signs! Time is entering a junction, the age is ending! A decision has been made and underneath men are planning a new economic, religious and political system. **A group of international men can now create an economic crisis and have power to bring back what they call prosperity!** At some point we will see a total new change and system and currencies will be worthless finally. Inflation is one reason a new system will rise to the forefront at the appropriate time!”

Let's break all of this down and look into the future and see who will have control. **Rev.6:2 – The white horse (false Babylon) will go forth with peace plans, but eventually fail! After the white horse rides another horse rides that was red (verse 4) and power was given unto him to take peace from the earth... and given unto him a great sword (an atomic weapon). And in verses 5-6, famine, the black horse will also control the law and economics!** The rider of this horse reveals a pair of balances. One scale portrays his tremendous power over the world to control all food production and prices, the other scale depicts deceptive issues and laws both national and international also protecting the oil and liquor industries of the earth! **In essence this religious rider controls the world's economy!**

These things are coming upon the face of the earth, and I would advise anyone reading this, get your Bible down. **The anointing that is on this message is strong! It will help you, it will give you faith, and it will give you confidence!** Even to know the future, the Bible, this anointing that's here will help you! It's the charismatic power of the Lord, will lift you up and give you confidence to watch for these things. I don't like to be a calamity howler; I'm not doing it for that. I'm only doing it so the nation can be warned these events will take place.

Remember, he was wiser than Daniel and by much traffic, which is commercialism – trading, buying and selling he was able to get riches! He had all these riches and Dan. 11 says all these riches in a strong hold and he was with a strange god it said. He didn't personally desire women in the place, (verse 37) he said he had a strong hold! In other words, all he desired was the wealth upon the earth and the things that went with it!

My message is to the people of the earth. Don't take it lightly, but reason within your heart these things will take place! – The future is now and going forward. (Rev. Chaps. 17 and 18) Wake up America! – Wake up saith the Lord, night cometh soon!” End quote.

This month I am releasing a book called **“The Dual Babylon”**, You will receive knowledge and vital information. Be sure to help us in our projects. Great is the company that publishes this gospel! (Ps. 68:11) – Jesus prosper and bless you. I will be remembering you in prayer.
