

Dear Harvest Partner,

DECEMBER 2019

Coming in January I will begin a series you do not want to miss; the mystery of Babylon as well as the Cascades of the West coast along the ring of fire. – **Once again we want to wish you a Happy Spiritual Merry Christmas! Rejoice and He will even do more wonderful and good things for you! May your New Year be filled with revelation and new knowledge! My thoughts and prayers are with you. Take courage, Jesus is coming soon!** And now a very special Christmas letter for you from Brother Frisby's precious library:

**"What was the significant Star of Bethlehem?"** – "There was all type of celestial phenomenon before, during and after the birth of Christ. Many heavenly signs were recorded, but all of this was just forerunning signs! No matter how you look at it, the wise men cannot be separated from the birth of Christ. There were a priestly class that understood the heavens and they lived near Persia and Babylon! **They saw these celestial wonders and knew the King was coming!** Now remember there was always 2 to 3 heavenly bodies meeting in conjunction, but 'the Star' of Bethlehem was the 'one' Star! – Also besides the celestial phenomenon their sharp eyes caught this when they first started their journey in the East and begin to travel Westward!" – St. Matt.2:9-10, these verses indicated the wise men saw this beautiful light at different times. Since Jesus was born in 4 B.C. they had seen this much earlier! Now this Star was intelligent with the wisdom of the ages! And we read **verses 9-10, "When they had heard the king, they departed; and, lo, the star, which they saw in the east, went before them, till it came and stood over where the young child was. When they saw the star, they rejoiced with exceeding great joy!"**

"Now the wording of the Scriptures above prove the star actually appeared to change its position (direction) as they traveled from Jerusalem to Bethlehem and stood (hovering) directly over the Godchild! This brings us into a new dimension! **It acted exactly as the pillar of fire and cloud that went before the children of Israel!**" – Rev. 22:16 calls it **"the bright and morning star."** And this appeared to the Gentile men of the east, for the Gentiles were going to receive the gospel just a little later on! – "Venus in symbolism of Christ has always been called the bright and morning star! And when it met with Saturn and Jupiter just before the birth of Christ, this was also a spectacular sign! So as heavenly phenomenon worked with the wise men the actual 'pillar of fire' came upon the scene as we see other signs below!"

**"The light of God appears with the shepherds!" Luke 2:8-14, "and, lo, the angel of the Lord (pillar of fire) came upon them, and the glory of the Lord shone round about them: and they were so afraid!"** – But the angel comforted them and revealed to them the Saviour was coming! They saw something also that caused them to fear besides just the angels! – It says the light shone 'round' about them! **And I believe also with the angel of the Lord was 'the chariot' of Israel in brilliant lights! Much like what was seen by Ezek. 1:26-28.** – So we see the magnificent Star of Bethlehem in complete action and His angels He commanded with Him! (Did you not know that there are chariots of salvation! Hab. 3:8) So as there was definitely other celestial phenomenon 'this great Star' stood alone separate from all the other signs! – It was the infinite light of the Lord Jesus! And was a very important event and God's heavenly chariots were nearby to witness the coming of the Messiah! – God in human flesh manifested! (St. John 1:14) – **Isa. 9:6, the mighty God – The ancient one in the form of a baby, our Saviour! – The everlasting Father.** The Word itself says so! – Behold, be of good cheer, I, Jesus, am coming soon again! – Do not let thy light go out as others have done; but keep thy lights burning with the oil (anointing) of the spirit! **(Read Matt. 25)**

"So we see the mystery of the wonderful Star has been solved. And it's been known as the pillar of fire, the Bright and Morning Star, this was in the 'burning bush' of Moses' day. – Also involved with the chariot of Israel!" (II Kings 2:11-12) **It is known as "the Sun of righteousness rising with healing in His wings!" (Mal. 4:2)** The blazing fire and glory on the mount, etc. – No doubt when Jesus comes again we will be in store for quite a sight! Besides the clouds of glory, some dazzling lights will be accompanying Him and the angels thereof! – **Salvation is in the world now, but soon the door will be shut, grace will have run its course. So let's keep the fire of our Salvation burning and witness to everyone that we can, as we know time is short. We will not have this opportunity again!** And as the signs point out, our generation age is soon to end! – End quote.

This month I am releasing a wonderful new book called **"The Closing Door and The Age of Urgency."** It is one of several of our newest sermon books that we will be offering you in future letters. We also have a DVD, "The Creator Visits Man." – Our partners are a people blessed indeed! God's heart is open unto them in revealing the most amazing things! So let's get behind the harvest work more than ever, and He will bless your efforts! Be praying for you daily.

Your Brother in Christ,

**All three CD's (\$15.00 donation)**

"Gospel Facts"

"Happy Gospel!"

"The Name Jesus"

**DVD release: "The Creator Visits Man"**

Also available: "Prophetic Warning"

(\$20.00 donation each)
